25X1

1. Discussed with [redacted] office of DD/Plans, the visit to [redacted]  
[redacted] Subcommittee of the House Judiciary Committee,  
headed by Congressman Walter, which was the subject of several memoranda now in  
the files. The Director has been somewhat disturbed by this visit and wishes me to  
talk with Congressmen Walter and Chelf regarding the maintenance of security of the  
installation.
